

# TAKE CARE OF YOUR GREATEST ASSET — YOUR EMPLOYEES

Employees are increasingly concerned about their finances — and that could be impacting your company. Financially stressed employees cost American businesses \$500 billion a year in productivity alone.<sup>1</sup> PNC Organizational Financial Wellness helps employees build strong financial habits, creating a more confident and productive workforce for you.

## WHAT IS THE IMPACT OF FINANCIAL STRESSORS ON YOUR EMPLOYEES?¹

**49%** admit to spending 3+ hours/week thinking about financial stressors at work

**47%** say that finances are a distraction

**26%** admit their productivity has been impacted by financial stressors

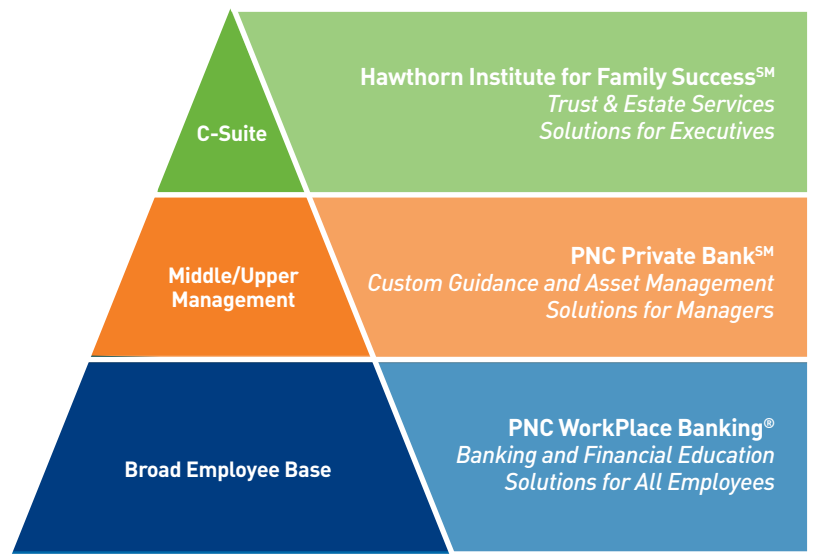

**10%** miss work occasionally due to financial stressors

### EMPOWER YOUR EMPLOYEES THROUGH THE PNC ORGANIZATIONAL FINANCIAL WELLNESS APPROACH

Your employees are unique. That's why PNC has developed solutions for all levels of your organization at every life stage. We're staffed with dedicated bankers, in physical locations and virtually, to help with the planning, personalized products and education your employees need.

How much does financial wellness matter to employees? While **more than 50%** would be attracted to a company that cares about their financial well-being, **fewer than 50%** believe their employer cares.<sup>2</sup>

Have 1099 contractors? No problem, PNC has a solution for them too.

**BUILD YOUR CUSTOMIZED FINANCIAL WELLNESS PROGRAM, COMBINING INNOVATIVE SERVICE AND SOLUTIONS**

PNC collaborates with the human resources decision-maker or dedicated benefits manager to design a custom program for your organization, built with an understanding of your employees' financial wellness needs.
