For 39 years, PNC has calculated the prices of the 12 gifts from the classic holiday song, “The Twelve Days of Christmas.” The PNC Christmas Price Index® is a whimsical holiday tradition.

2022 TOTAL CHRISTMAS PRICE INDEX | \$45,523.27 (+10.5%)

A PARTRIDGE IN A PEAR TREE | \$280.18 (+25.8%)

While the price of a partridge is unchanged, continued growth in the cost of its, due in part to higher fertilizer costs, the tree means an overall price increase for the first gift in the 2022 index.

TWO TURTLE DOVES | \$600.00 (+33.3%)

Thanks in part to the rising cost of feed, you could be paying more for Two Turtle-doves in 2022.

THREE FRENCH HENS | \$318.75 (+25.0%)

Feeding hungry hens is no small – or cheap – chore. You’ll pay more for the French Hens in 2022, primarily reflecting the price it costs to feed them.

FOUR CALLING BIRDS | \$599.96 (0.0%)

If it’s consistency you’re after, the Four Calling Birds have delivered once again. They’re still expensive, just no more than they were in 2021.

FIVE GOLD RINGS | \$1,245.00 (+39.1%)

Sharply rising commodity prices in the early part of 2022 have made for an expensive line item on True Love’s shopping list. The price of gold rings grew by nearly 40 percent this year, the highest increase in this year’s index.

SIX GEESE-A-LAYING | \$720.00 (+9.1%)

The geese are laying down another large tab in 2022, demanding nearly 10 percent more than in 2021 - if you’d like to gift them to your true love.

SEVEN SWANS-A-SWIMMING | \$13,124.93 (0.0%)

If swans are your fancy, let’s hope you’re swimming in cash. They’re back with a big price tag again in the 2022 index at \$13,124.93. At least it’s unchanged from last year.

EIGHT MAIDS-A-MILKING | \$58.0 (0.0%)

Where were you on July 24, 2009? The Eight Maids-a-Milking were fresh off of their last pay raise. The Federal Minimum Wage hasn’t changed since that date and neither has the cost of this gift.

NINE LADIES DANCING | \$8,308.12 (+10.0%)

Leading the lineup of performers in 2022, the Nine Ladies Dancing twirled out of the pandemic to the tune of a 10 percent raise.

TEN LORDS-A-LEAPING | \$13,980.00 (+24.2%)

If fancy gift giving is your thing, nothing tops these lords of the dance. The Ten Lords-a-Leaping top this year’s index with a \$13,980 price tag – the most expensive gift in this year’s index.

ELEVEN PIPERS PIPING | \$3,021.40 (+2.6%)

Live music is once again tuned up after its pandemic lull. The Eleven Pipers grew in cost by a modest 2.6 percent – reflecting rising compensation in 2022.

TWELVE DRUMMERS DRUMMING | \$3,266.93 (+2.6%)

The 2022 Christmas Price Index sees the Twelve Drummers marching to a very similar beat as in 2021. A tight labor market drove their price up slightly this year.

The 2022 PNC Christmas Price Index® Activity Book

For 39 years, PNC has calculated the prices of the twelve gifts from the classic holiday song, “The Twelve Days of Christmas.” The result is the PNC Christmas Price Index®, a unique holiday tradition that makes learning about the economy fun.
