COMMUNITY IMPACT

At PNC, we are committed to doing the right thing for our shareholders, customers, communities and employees. We do this work because it helps our stakeholders succeed, and because it helps our business succeed, and we continuously refine our strategies to address the changing needs of the various constituencies we serve.

Community Development
PNC boosts the quality of life in neighborhoods through affordable home loans and lending programs, economic revitalization and customized financial solutions. Through PNC’s Community Benefits Plan, which began January 1, 2022, PNC is providing $88 billion in loans, investments and other financial support over a 4-year period to bolster economic opportunity for low- and moderate-income individuals, communities and people of color. PNC earned an “outstanding” rating for exceeding Community Reinvestment Act standards in the most recent examination period, as it has consistently done since those examinations began more than 40 years ago.

The PNC Foundation forms relationships with nonprofit organizations to advance mutual objectives driven by two priorities: (1) early childhood education and (2) community and economic development.

PNC Grow Up Great®
A $500 million, multiyear, bilingual school readiness initiative that began in 2004 has benefited more than 8 million children — particularly underserved children — from birth to age 5. Built on the understanding that education is a powerful means for economic and social mobility, the program provides innovative opportunities that assist families, educators and community partners to enhance children’s learning and development.

Environmental Responsibility
PNC supports the transition to a low-carbon economy by actively managing our own internal operations, managing capital for our clients in responsible ways, maintaining risk controls that incorporate climate change considerations and helping our clients finance their sustainable operations.
