

TAP INTO YOUR BUSINESS®

WITH THE PINACLE® MOBILE APP

Whenever you are traveling or need access to your financial transactions during a business interruption or emergency, you and your PINACLE® operators can access the PINACLE Mobile App quickly and securely. The app will help you make informed business decisions and perform key financial functions from your Apple® iPhone or iPad, or Android™ mobile phone or tablet. The PINACLE Mobile App provides you with the tools and resources you need to help move your business forward anytime, anywhere.

HOMEPAGE

Get an instant snapshot of your current cash position, items needing approval, important PINACLE notifications and much more.

REPORTING

Stay up to date on your transactions with our Information Reporting features.

- View Current Day and Previous Day account balances and transaction details for all of your domestic, foreign currency and sweep accounts
- Search for transactions and view images associated with transactions

CREDIT MANAGEMENT

Just like the Credit Management Module on your PINACLE desktop, the Credit Management feature within the PINACLE Mobile App allows you to:

- Evaluate your funding needs and make borrowing decisions in real time
- Stay up to date on your entire cash position wherever you are
- Access credit information such as availability, balances, maturity dates and rates, recent transaction history and transaction details
- View all commitments under each Obligor, including loans and letters of credit

APPROVALS AND DECISIONS

Keep things moving by authorizing transactions or activities.

- Approve wire payments and wire payment templates
- Approve Real-Time Payments (RTP®)
- Authorize ACH batches and ACH templates
- Decision and approve Positive Pay and ACH Positive Pay items
- Approve administrative activities for operators

INITIATE AND MANAGE PAYMENTS

Submit different payment types individually or all at once with the convenient single-submit feature.

- Make payments with Wires/ACH from a template
- Conduct account transfers
- Create Freeform RTP
- View daily activity for all three payment types with the ability to edit and delete
- Oversee your Real-Time Payment and Request for Payment activity with the Message Manager, making it easy to pay or respond to RTP system messages or payments

USER ADMINISTRATION

Complete administrative tasks quickly.

- Enable or disable operators
- Clear strike counts for secondary authentication with security codes
- Unlock and reset operator passwords
- View operator status and recent login activity for all of your operators

CONNECTIVITY

Stay informed through the Message Center and My Contacts, via Event Notifications, System Alerts and Informational Messages.

MOBILE TOKEN APP

With PINACLE Pass®, you can use your mobile device to easily generate your token passcode with the same trusted security currently available with your physical token. You can use this separate mobile token app to generate passcodes that can be used on the PINACLE desktop site and the PINACLE Mobile App anytime a token passcode is required.

CUSTOMIZATION

You can customize your mobile banking experience via your PINACLE desktop application from “My Profile.” Select the services and accounts you would like to view while utilizing the mobile app to make viewing account information and approvals and decisions easier.

SECURITY

The PINACLE Mobile App helps provide the same strong authentication and multilayered security features you have come to expect from your PINACLE desktop service.

- PINACLE Mobile App uses the same credentials you use to log in to PINACLE on your desktop
- Operators will not be permitted to be logged into the PINACLE desktop application and the PINACLE Mobile App at the same time
- Tokens will be required based on your company’s specifications
- Ability to help enable your phone’s biometric capabilities for easy access
- The App also provides an automatic inactivity time in five minutes
- Only the last four digits of account numbers are shown
- No personal or company data is stored on your device
