

# Alerian Indices

## Index Name

## Index Description

Alerian Midstream Energy Index

The Alerian Midstream Energy Index is a broad-based composite of North American energy infrastructure companies. The constituents of this capped, float-adjusted, capitalization-weighted index earn the majority of their cash flow from midstream activities involving energy commodities.

Alerian MLP Index

The Alerian MLP Index is the leading gauge of energy infrastructure Master Limited Partnerships (MLPs). The capped, float-adjusted, capitalization-weighted index, whose constituents earn the majority of their cash flow from midstream activities involving energy commodities, is disseminated real-time on a price-return basis (AMZ) and on a total-return basis (AMZX).

Alerian MLP Infrastructure Index

The Alerian MLP Infrastructure Index measures the performance of the energy infrastructure segment of U.S. equity securities. It consists of 25 energy infrastructure Master Limited Partnerships that earn the majority of their cash flows from the transportation, storage, and processing of energy commodities. The index is capped, float-adjusted, and capitalization weighted.
