FOOTNOTES:

- ¹ For Performance Select Checking, accounts eligible to be linked for the combined average monthly balance requirement include PNC consumer checking, savings, money market, certificate of deposit, retirement certificate of deposit and/or investment accounts. For Performance Checking, accounts eligible to be linked for the combined average monthly balance requirement include PNC consumer checking, savings, money market, certificate of deposit, retirement certificate of deposit. Any PNC Investment (PNCI) asset where PNCI is the broker-dealer of record is eligible to be included in the combined average monthly balance requirement; assets managed under a fiduciary relationship with PNC Wealth Management are not included. Some accounts may not be eligible to be included in the combined average monthly balance requirement based on titling structure, product type or other constraints. A maximum of 10 linked PNC accounts, including this account, may be included in the combined average monthly balance relationship. See our Account Agreement for Personal Checking, Savings and Money Market Accounts, "Interest Payment and Balance Computation" section for details. The average monthly balance is calculated by adding the principal in each of your related accounts for each day of the current statement period and dividing that figure by the number of days in the current statement period. If applicable, we will use the outstanding balance on linked lines of credit, and the original principal amount on linked installment and mortgage loans to determine the combined average monthly balance.
- ² The employee monthly service charge waiver is only available during the time you are employed at PNC. When your PNC employment ends, you will need to meet other conditions applicable at that time, if there are any, in order to have your monthly service charge waived. Contractors, inactive employees receiving a W2, or PNC employees whose residence or primary workplace is outside of the United States of America are not eligible for the employee monthly service charge waiver. For customers who become PNC employees after their account is opened, it may take up to one additional statement period for your new employee monthly service charge waiver to take effect.
- ³ See our Account Agreement for Personal Checking, Savings and Money Market Accounts, "Interest Payment and Balance Computation" section for details. For current interest rate and Annual Percentage Yield information, call 1-888-PNC-BANK (1-888-762-2265).
- ⁴ A qualifying direct deposit is a recurring electronic deposit made by an employer or an outside agency. Transfers made from one account to another or deposits made via a branch, ATM, online transfer, mobile device or the mail are not eligible to meet this requirement.
- ⁵ The 62 age waiver will only be applied if the date of birth for the primary or secondary owner(s) on the account meets the age requirement. The date of birth for a fiduciary (i.e. Rep Payee, Trustee) is not eligible for the waiver. If no date of birth is on file, waiver eligibility is based on the date of account opening.
- ⁶ If the money market or savings account receiving the service charge waiver is closed, the monthly service charge for another linked Standard Savings or Premiere Money Market account will be waived. If there are multiple linked Standard Savings or Premiere Money Market accounts, PNC will select an account considering the following factors, in order of priority; a) accounts that are not already receiving a longer-term service charge waiver; b) the account with the highest monthly service charge amount, and c) the account most recently opened. You may change the account that receives the service charge waiver at any time.
- ⁷ PNC Bank charges may apply for use of another financial institution's or ATM operator's ATMs. Additionally, other financial institutions and/or ATM operators may charge for using their ATMs.
- ⁸ In the event PNC determines that there has been fraudulent or excessive ATM usage on the account, PNC is not obligated to reimburse any related surcharge fees, and any related reimbursements must be repaid. Surcharge fees not identified within the transaction by the originating financial institution may not be reimbursed. Any fee reimbursements occur at the end of the statement period. If your account is closed before the end of the statement period, fees will not be reimbursed.
- ⁹ Some accounts may not be eligible to be linked as overdraft protection based on titling structure, product type or other constraints. Transfers from a PNC checking, savings or money market are in the exact amount of the overdraft. Transfers from a line of credit or credit card are a minimum of \$50.00, rounded upward to the next whole dollar. Transfers from a credit card are subject to the cash advance limits and may be charged a cash advance fee on the credit card. Overdraft Protection via a line of credit or credit card is subject to applicable Account Agreements and/or Disclosure Statements.
- ¹⁰ There may be fees for certain optional services available through PNC Online Banking and Bill Pay.
- ¹¹ Transaction fees will apply to your account if you exceed six (6) Restricted Transfers in a monthly service charge period. Restricted Transfers are transfers from a savings or money market account to other accounts (including transfers to another account for overdraft protection) or to third parties by check, through point-of sale purchase transactions or similar debit card transactions, by pre-authorized or automatic agreements, telephone, online or similar order payable to a third person. If you make more than a total of six (6) Restricted Transfers in a monthly service charge period, you will be charged a fee for each Restricted Transfer. See your account agreement for more information. Other limits may apply to your account. We reserve the right to suspend enforcement of these transaction limitations, or to modify them, at our discretion.
- ¹² Some accounts may not be eligible to be linked for relationship benefits based on titling structure, product type or other constraints.
