** Last updated on: June 09, 2017. All information referenced herein about other issuer cards has been sourced from third-party websites and is subject to change without notice. The information is provided on an "as-is, where-is" basis without warranties of any kind. Neither PNC Bank, National Association, nor its parent, subsidiaries or affiliates are responsible for the accuracy of the information.

1 The term "purchases" does not mean every transaction you make with your credit card. Some limited transactions are excluded, such as balance transfers and cash advances, which include the purchase of cash-equivalent products. For details about the PNC Cash Rewards Program, including information on purchases, category restrictions, and earning and redeeming cash back, please refer to the *PNC Cash Rewards Program Terms and Conditions* available at pnc.com/creditcards.

2 Some purchases of groceries, gas or food may only qualify for 1% cash back. That is because the cash back earned on a purchase is determined by the merchant category code assigned to a merchant. The merchant category code is based on the merchant's type of business and is assigned by the merchant's credit card processor. PNC Bank does not assign merchant category codes. For details, please refer to the *PNC Cash Rewards Program Terms and Conditions* available at pnc.com/creditcards.

3 The \$8,000 annual cap resets each year on your anniversary date, not at the beginning of each calendar year. Your anniversary date is the date we enrolled your account in the PNC Cash Rewards Program, and the same month/day each year thereafter. For example, if we enrolled your account in the program on June 17, 2017, your anniversary date in 2018 is June 17, 2018.
