Pay off your mortgage faster and reduce your total interest costs.

Just enroll in the PNC Bank Bi-Weekly Draft Program*

As a PNC mortgage borrower, you have the opportunity to enroll in our Bi-Weekly Draft Program.

Here’s how enrolling in the PNC Bank Bi-Weekly Draft Program can benefit you:

- **Pay off your loan faster** — By drafting 1/2 of a monthly payment every 2 weeks, you will make 13 total monthly payments per year — instead of 12. The “extra” payment will automatically be applied to your mortgage principal balance, helping you pay off your loan faster.

- **Lower your interest costs** — By making one full “extra” payment per year to pay off your loan faster, you will also be reducing the total interest you will pay for your mortgage.

Please note that your first 1/2 mortgage payment will be drafted in the same month as your last full payment — meaning two full payments will be made during your first month of enrollment. Also, when you make your first 1/2 payment each month, the funds will be held in a non-interest-bearing account, and will be applied once a full monthly payment is received. Please refer to Q18 in the FAQs for an example of how the bi-weekly drafts will be applied to your account.

> Enroll today. Simply fill out and mail the Authorization Form on the next page of this document to enroll in the Bi-Weekly Draft Program. Don’t forget to include a voided check if drafting from your checking account.

Once enrollment is complete, you will receive a written confirmation.

Answers to Frequently Asked Questions

Q1: Is the Bi-Weekly Draft Program a refinance of my existing loan?
A: No. All the terms of your original mortgage remain the same. The Bi-Weekly Draft Program allows you to reduce your total interest cost by paying the loan off faster.

Q2: How are my interest costs reduced?
A: Withdrawing 1/2 of a mortgage payment from your bank account every two weeks will allow for one payment to be applied each month, with an extra 1/2 payment available to apply directly to your principal balance twice a year. Thus, your loan is paid off faster and your total interest costs are reduced. The funds from your first 1/2 payment each month will be held in a non-interest-bearing account, and will be applied once a full monthly payment is received.

Q3: Can I still refinance my loan?
A: Yes. The Bi-Weekly Draft Program does not impact your ability to refinance.

Q4: Can this interest reduction be accomplished any other way?
A: If you are current on your mortgage and you have no outstanding fees with PNC, you can apply additional principal toward your mortgage at any time. PNC also offers a monthly Electronic Funds Transfer (EFT) program free of charge where you can apply additional funds toward your balance each month, paying off your loan faster and lowering your interest costs.

Q5: Will my monthly payments be late?
A: No. Your monthly payment will be collected in advance of the actual due date instead of after the due date or in arrears. This ensures your regular monthly payments are applied on time each month.

Q6: How do I make payments to this Bi-Weekly Draft Program?
A: By completing and submitting the authorization form on the previous page you are authorizing PNC to automatically withdraw your 1/2 payments from an eligible checking or savings account.

Q7: When will my first payment begin drafting after I enroll?
A: Your enrollment form must be received 10 business days prior to the first draft date selected. If it is received within fewer than 10 business days, your bi-weekly drafts will begin the following month, on the Wednesday indicated on your enrollment form.

Q8: What if I am already enrolled in the monthly EFT program with PNC?
A: To be part of the bi-weekly draft program you will need to be deleted from your monthly EFT draft by completing the form for bi-weekly draft. This program requires that the customer be paid in advance by one month. (Example: If the customer wanted to be set up in May, they would need to be due and owing for June.)

Q9: If I am switching from the monthly EFT program with PNC to the Bi-Weekly Draft Program, do I need to cancel the monthly EFT program?
A: No. PNC will handle the switch from monthly to bi-weekly drafting. No action is needed on your part to cancel the monthly EFT draft.

Q10: What happens if I want to stop making bi-weekly drafts?
A: You can always return to a monthly payment schedule. Choose one of the following options to cancel your enrollment in the Bi-Weekly Draft Program:
   • Call Customer Service at 1-800-822-5626
   • Fax your request to 1-855-242-0633
   • Send an email to eft@pnc.com
   • Mail your request to the EFT correspondence address located in the terms and conditions

Please allow at least 10 business days prior to the next scheduled Bi-Weekly Draft date for PNC Bank to process your cancellation request.

Q16: Can I get a draft schedule?

A: In the month the Bi-Weekly Draft Program is scheduled to begin, you’re required to make the month’s full payment at least two business days prior to the start of your bi-weekly drafts as referenced in your confirmation letter.

Q18: After I make my last full payment, when will my 1/2 payments begin?
A: We will begin the withdrawal of your first half payment on the Wednesday indicated of the starting month on the enrollment form. For example, if the Bi-Weekly Draft Program is scheduled to start December 2017, you will need to make your December payment as usual. If you chose the first Wednesday of the month to start your payments, the withdrawals will be December 6, 2017 and December 20, 2017 for January’s payment. Or if you chose the second Wednesday of the month to start your payments, the withdrawals will be December 13, 2017 and December 27, 2017. These payments will then be applied the following day as your January payment. The drafts will continue every 14 days thereafter.

Q19: Can I use multiple bank accounts to draft for my bi-weekly draft?
A: No, this service cannot draft from multiple accounts.
1) The following terms and conditions govern the PNC Bank Bi-Weekly Draft Program service (the “Service”).

2) The Service does not alter or lessen your obligations under your existing mortgage contract regarding: (a) the amount of your monthly mortgage payment, (b) when your mortgage payment is due, (c) the application of your payments, (d) the assessment of late charges or (e) the calculation of delinquency.

3) By enrolling in the Service, you are authorizing PNC Bank to debit your designated bank account every other Wednesday (twenty-six [26] times per year) for one half (1/2) of your monthly mortgage payment, including any escrow amounts, as applicable. At least two (2) times every twelve (12) months, there will be a total of three (3) half payments withdrawn during the same month. This third half payment will be designated as “principal reduction” and credited to your principal balance, as long as your mortgage loan is in a current status. NOTE: The two (2) additional half payments will contribute the equivalent of one (1) extra monthly mortgage payment toward your principal balance.

4) If you would like to pay your mortgage loan off even faster, you can elect to pay an additional (optional) principal amount with each bi-weekly draft. Any additional principal that you elect will remain constant, regardless of any other payment adjustments. If your payment amount changes, you may want to adjust or cancel any additional principal amounts accordingly.

5) Before your first automated payment, PNC Bank will send you a written notification of the transaction’s start date (the “Automated Payment Date”), banking information, and any additional (optional) principal amounts. Review and confirm this information for accuracy and report any errors or changes to PNC Bank immediately.

6) The month the Bi-Weekly Draft Program is scheduled to begin, you’re required to make that month’s full payment at least two (2) business days prior to the start of your bi-weekly drafts as referenced in your confirmation letter.

NOTE: If we have not received your current month’s full monthly payment 2 business days prior to the draft start date, your bi-weekly draft will not begin and you will be canceled from the Service.

7) We will begin the withdrawal of your first half payment on the Wednesday indicated of the starting month on the enrollment form. For example, if the Bi-Weekly Draft Program is scheduled to start December 2017, you will need to make your December payment as usual. If you chose the first Wednesday of the month to start your payments, the withdrawals will be December 6, 2017 and December 20, 2017 for January’s payment. Or if you chose the second Wednesday of the month to start your payments, the withdrawals will be December 13, 2017 and December 27, 2017. These payments will then be applied the following day as your January payment. The drafts will continue every 14 days thereafter.

8) The drafted funds will be held in a non-interest-bearing suspense account until a full monthly mortgage payment has accumulated, at which time the payment will be applied the following business day. When there is a third draft in a single month, the funds will be applied directly to principal on the next business day after receipt.

9) Be sure to check your financial institution’s account statement to verify the date and amount of any bi-weekly drafted amounts initiated by PNC Bank. In the event of an error, please notify your financial institution and confirm this information for accuracy and report any errors or changes to PNC Bank immediately.

10) You must maintain sufficient funds in your designated bank account for collection of each bi-weekly draft. If your financial institution returns an automated payment unpaid, PNC Bank has the right to assess a reasonable fee. You are then responsible to remit that mortgage payment on time using another payment method. If your payment is not received before the end of your grace period, your mortgage payment for that period will be counted as past due and the usual late payment fee will apply.

11) If your scheduled Automated Payment Date falls on a legal bank holiday, the automated payment will occur on the next business day.

12) The Service is available to PNC Bank borrowers at no cost.

13) The Service cannot draft from multiple bank accounts.

14) The Service cannot be used to pay fees or additional escrow payments. Payments for fees or additional escrow must be remitted separately. If you intend to remit additional principal, escrow or fee payments separately from the Service, mail your check to PNC Bank/Payment Services, Mail Code: B6-VM14-01-1, PO Box 1820, Dayton, OH 45401. Note on the memo portion of the check your mortgage account number and how the funds are to be applied.

NOTE: Additional funds received shall be applied toward outstanding fees, if applicable, and the current month’s payment must be satisfied prior to additional principal payments being applied.

15) Under the terms of your mortgage loan, your PNC Bank payment amount may change due to a change in your interest rate for adjustable or step rate loans or a change in the amount of your escrow payment, if applicable. The Service will adjust the amount of the automated payment from your financial institution account to accommodate these changes. PNC Bank will notify you in advance of any applicable changes to your monthly payment amount.

16) Should you wish to make a change to the Service (e.g., banking information or adjustments to your optional additional principal amounts), please complete a new Bi-Weekly Draft Program Enrollment Form and either fax it to 1-855-242-4633 or mail it to the correspondence address below.
