FOOTNOTES:

- 1 A maximum of 10 eligible accounts may be linked to a business checking account in each of the business checking, money market, business credit card and merchant services categories. Each eligible account may only be linked to one business checking account. Some accounts may not be eligible to be linked based on titling structure, product type or other constraints. Subject to credit approval.
- 2 PNC linked business credit card eligible purchases are purchases of goods or services made by you or your authorized user with an eligible linked business credit card account and includes balance transfers and convenience checks that are not subject to the cash advance rate. Eligible purchases do not include interest, fees and charges assessed to the business credit card account, cash advance transactions (including convenience checks that are subject to the cash advance rate), and purchases made at merchants with gambling or gaming merchant category codes.
- 3 A qualifying PNC Merchant Services processing deposit is an electronic deposit made by PNC Merchant Services directly into this checking account. Transfers made from one account to another or processing deposits from other merchant services sources are not eligible to meet this requirement.
- 4 Monthly average collected balance, transaction and cash deposited volumes from this account and additional accounts are aggregated for the master and beneficiary accounts to determine monthly account maintenance fee, transaction and cash deposited fee amounts.
- 5 If either the Treasury Enterprise Plan Master account or the Master Money Market account is closed, PNC may remove the Plan benefits on any remaining accounts. Accounts that remain at a zero balance for 90 days or more may be closed by PNC.
- 6 Federal regulations prohibit you from making more than a total of 6 transfers each month to other accounts from a savings or money market account (including transfers to another account for overdraft protection) or to third parties each month by check, through point-of-sale purchase transactions with a banking card, by pre-authorized or automatic agreements, by telephone, or online. See your account agreement for more information. Other limits may apply to your account. Excessive transactions may result in changing your Business Money Market account to a Business Checking account and will be subject to the features and fees as described in the Business Checking Account and Related Charges in effect at that time.
- 7 Transaction and optional service fees may apply.
- 8 In the event PNC determines that there has been fraudulent or excessive ATM usage on the account, PNC is not obligated to reimburse any related surcharge fees, and any related reimbursements must be repaid. Surcharge fees not identified within the transaction by the originating financial institution may not be reimbursed.
